PROFESSIONAL SUMMARY

Computer Science and Engineering graduate skilled in software development, Artificial Intelligence, Machine Learning, Data Analytics, and problem solving. Proficient in building Python-based applications, machine learning models, REST APIs, and LLM-powered conversational AI solutions. Seeking Software Developer, AI/ML Engineer Intern, or Data Analyst opportunities.

TECHNICAL SKILLS

Programming: Python, Java, C, JavaScript, SQL **Database:** MySQL

AI & ML: Machine Learning, Data Science, Generative AI, NLP, LLM, Artificial Intelligence

Frameworks & Tools: Flask, React.js, Node.js, Git, GitHub, Ollama

Analytics & Core: Excel, Power BI, Pandas, NumPy, Data Structures, OOP, REST API, Problem Solving

PROJECTS

JARVIS AI Assistant | Python, Flask, Ollama LLM, Speech Recognition, NLP, AI

- Developed an AI-powered virtual assistant that processes user queries with local Ollama LLM models and conversational AI.
- Implemented voice interaction with Speech Recognition and Text-to-Speech; built Flask APIs and interactive frontend components.

Government ID Extractor | Python, Flask, OCR, OpenCV

- Built an application to extract structured information from government-issued identity documents using OCR and image processing.
- Developed a Flask-based interface and API for secure document upload, data extraction, validation, and export.

INTERNSHIP & TRAINING

Intern | Mathesis Labs Technology Pvt. Ltd. | Present

- Currently working as an intern, contributing to the development and implementation of technology projects.

Data Analyst & Machine Learning Intern | AVNV Infotech Pvt. Ltd.

- Completed a two-month internship in Data Analysis and Machine Learning using Python (July 2025 - August 2025).

IBM - Generative AI Certification

- Completed coursework covering Large Language Models, AI fundamentals, and Generative AI concepts.

Core Java Summer Training | United College of Engineering and Research

- Completed 60 hours of summer training with a project on Core Java (August 2023).

EDUCATION

Bachelor of Technology (Computer Science and Engineering) | United College of Engineering and Research (UCER)

2022 - 2026 (Completed)

Class 12, CBSE | St. Atulanand Residential Academy (SARA), Varanasi | 2022

Class 10, CBSE | St. Atulanand Residential Academy (SARA), Varanasi | 2020

CERTIFICATIONS & ACHIEVEMENTS

TCS iON Career Edge - AI Foundation: Earned Certificate of Achievement for completing training in AI fundamentals, Generative AI, prompt engineering, AI tools, and Responsible AI (July 2026).

HackQuest'25: Participated in Blackbox Q-13, a technical hackathon event (April 2025).

Hackdiwas and Hackdiwas 2.0: Participated in technical innovation events; acknowledged for innovative thinking and technical contribution as part of team Quantum Minds (April 2024).

Rajasthan Police Hackathon 1.0: Participated in the hackathon event (January 2024).

Technical & Campus Events: Participated in Enigma XIII Treasure Hunt and Astvya 2023 Treasure Hunt.
